

Strong Color Change Alexandrite Oval 3.06cts

A great looking stone with a strong color change that looks good under any kind of light. The cutting and proportions are good and the clarity is excellent. This deposit is not producing for now and stones of this size and fine quality are hardly available anywhere.

Grade Score 8 / 10

Color Good (3/5) Cut Exceptional (5/5) Carat Large (4/5) Clarity Exceptional (5/5) Rarity Extremely rare (5/5)
