Rough / Uncut Alexandrite. by puru on Sep 7 2009,8:09 AM	Jul 5 2010,7:07 AM by dinesh_golechha	1925/3
Ilakaka alexandrite deposit location Chrysoberyl found in the Ilakaka deposit include vivid yellow-green and of the cat's eye variety and small quantities of alexandrite with a very good color change. Occasional large alexandrite crystals of gem quality were recovered in Lake Alaotra. by Anonymous on Sep 3 2006,4:09 PM	Apr 3 2009,9:04 AM by David Weinberg	9480/2
Obtala Resources agrees licensing deal with Gemstones of Africa The six mining licences lie in the Manyara area of Tanzania by Michael Vanevski on Mar 16 2009,3:03 AM	Mar 16 2009,3:03 AM by Michael Vanevski	10319/1
